

**Academic Visit by Bishop Heber College students with Seminar on ‘The Drought Narrative:
Climate Crisis and Human Response in Dry Regions’**

Date: 09-01-2026

Venue: Seminar Hall, Commonwealth

A group of students from Bishop Heber College visited Mother Teresa Women’s University, Kodaikanal, as part of an academic programme. The visit provided an enriching experience through academic interaction and campus exploration.

The programme commenced with a seminar on the topic “The Drought Narrative: Climate Crisis and Human Response in Dry Regions.” The session focused on the growing climate crisis, the impact of drought on human life, and the ways in which literature and narratives reflect environmental challenges and human resilience. Following the seminar, the visiting students were taken to the University library, and the Gandhi Museum, where they gained insight into academic resources and historical significance. The visit to the Gandhi Museum offered an opportunity to reflect on Gandhian values and their relevance in the present context. The students greatly enjoyed the scenic beauty of the campus and the pleasant cold climate of Kodaikanal, which added to the overall experience of the visit.

The visit concluded on a positive note. The programme proved to be both informative and enjoyable for all the participants.
